FEDERAL GRAND JURY SECRETS "TIPPED OFF"

Charge Made Against Head of Bureau of Investigation in Chicago.

Judge Landis Suspends a Contempt Case in Order to Probe Into Charges, and Announces That Instructions From the Attorney General Has Absolutely No Weight in His Court.

By Associated Press.
Chicago, Dec. 10.—Charges that secrets of the federal grand jury room were being "tipped off" to interested parties made before Judge E. M. Landis of the United States court, caused him to suspend a contempt case he was hearing and demand that the charges be sustained at once. The man accused of being the "tipster" is Charles F. DeWoody, division superintendent of the bureau of investigation of the department of justice.

The accusation was made by John Brown, counsel for Mrs. Adeline Christopher, a witness against the alleged paying brick trust. She was in court to show why she had refused to bring certain evidence and documents before the grand jury as requested by the United States district attorney.

Her answer, by attorney, was that she feared the evidence would be exposed to the persons interested and DeWoody was the man she accused, through her counsel.

SOUGHT INFORMATION.

Mrs. Christopher testified that DeWoody came to her at her home, Wis., to get certain information and told her of the secret information that the grand jury had obtained which later resulted in the indictment of former Cavalier Fitzgerald, of the federal treasury, on charges of theft of \$173,000.

Judge Landis directed that this be stricken from the record as not affecting her charge that DeWoody had violated his instructions of secrecy concerning grand jury information on the specific brick trust case.

When the charges were made by Attorney Brown, DeWoody sprang to his feet and declared:

"I am the head of the investigating department referred to, your honor."

LANEY MEETS N. P. BRYAN IN JOINT DEBATE

Bryan Devotes His Time to Criticizing Opponents and Denying Charges.

Laney Then Reminds Jacksonville Candidate That He Made No Uncomplimentary References, and Concludes by Saying That Bryan Should Equip Himself With a Platform or Quit Race.

Special to the Journal.
Lake City, Dec. 10.—Judge Charles H. Laney, speaking in behalf of the candidacy of W. A. Blount, addressed large, attentive and appreciative audiences at three places in Hamilton county today, Jennings, Jasper and White Springs. At Jennings he met candidate N. P. Bryan, and though the meeting was advertised only for Laney he voluntarily and very graciously shared his time with Bryan.

Laney made an eloquent, logical and persuasive speech, which was well received by the audience. Bryan devoted his entire time to denying some things which he said had been charged against him and also to paying his compliments in caustic language to his opponents.

Laney in his rejoinder made many friends for himself and Blount by calling attention to the fact that he made no uncomplimentary references to either of the candidates. He said that Blount and that Bryan is the only candidate for the United States senate he ever heard speak for an hour without pointing out a single thing that he would attempt to do if he should be elected senator, and he advised Bryan to equip himself with a platform, if he intends staying in the race.

UNITED STATES AGAIN SECOND

By Associated Press.
Washington, Dec. 10.—The United States closes another year in second place among the world's naval powers. The navy building race between Germany and Great Britain has not brought the former up to the United States in the number of battleships afloat, but in the ships projected and the total number of war vessels of all kinds Germany will crowd the United States to third place.

These facts are shown in the new navy year book, prepared by the clerk of the senate committee on naval affairs.

Beginning tomorrow, Escambia county will have four days of state institute work, the past co-operation of the Chamber of Commerce with the state authorities having borne such good fruit that Director Rolfs is giving more time this year than usual to this county.

The state director, Prof. Rolfs, will be accompanied by Prof. Spencer and Prof. McQuarrie, and the Chamber of Commerce agricultural committee will be represented by F. F. Bingham and Secretary Waterman. The party, leaving here at seven o'clock Monday morning, will conduct an institute at the Wardville school house at 11. On Tuesday, the Whitmore and Myrtle Grove school houses will be used at 9 o'clock in the morning and at 2 in the afternoon.

Prof. Rolfs is a strong friend of Escambia county, and believes in it greatly. WALTON WILL HAVE PRIMARY

EXECUTIVE COMMITTEE HOLDS A MEETING AND PREPARES FOR THE APPROACHING SENATORIAL PRIMARIES.

Special to the Journal.
DeFuniak Springs, Dec. 10.—At a called meeting of the county Democratic executive committee today it was ordered that the senatorial primary should be held and it was decided to follow the call of the state committee in reference to the payment of poll taxes. A campaign committee consisting of J. C. McSwain, J. A. Morrison and B. J. Ingner were appointed to have full power to prepare and send out the ballot boxes with ballots and registration books, and they were also empowered to canvass the returns of both primaries, should there be two.

Geo. W. Ward was present at the committee meeting and asked the committee to give the voters a chance to vote on whether or not the criminal court should be continued, as a means of instruction to him at the next session of the legislature.

Mr. Storrs was finally instructed to place it upon the ticket and while there is nothing binding about the vote as it requires a petition of a majority of the qualified voters of a county to have a special vote on a matter of that kind, yet the people will very likely vote on it as the ticket is very short any way.

WOMAN SEEN NEAR MURDER

WITNESS TESTIFIES THIS WOMAN WITH FLUSHED FACE AND NERVOUS MANNER WAS NOT HATTIE LEBLANC—MRS. GLOVER DENIES EVERYTHING.

By Associated Press.
Cambridge, Dec. 10.—For the first time since Hattie LeBlanc was placed on trial for the murder of Clarence Glover the evidence that a woman was seen in the immediate vicinity of the laundry in Waltham, where the murder was supposed to have been committed, was introduced today. Two witnesses testified that they saw a woman hurrying out of the alleyway in the rear of the laundry that night. One said the woman's face was flushed and her manner nervous. "It could not have been Hattie," she added. Lillian Glover, the widow of the murdered man, took the stand again. She denied she ever threatened to kill her husband or bought a revolver. The defense rested at noon. It is expected the fate of the girl will be in the hands of the jury Wednesday.

BOTH PARTIES HOLDING OWN

GENERAL ELECTIONS IN ENGLAND RESULTING IN FEW CHANGES—DIVISION SO NEARLY EVEN PUBLIC IS LOOSING ALL INTEREST.

By Associated Press.
London, Dec. 10.—The first week of the general elections ended with both political parties holding their own. Five hundred and two seats are divided; each side gained twenty-one from the other. The complexion of the new house of commons presents the following: Government coalition: Liberals, 183; Laborites, 82; Nationalists, 55; Independents Nationalists, 7; total, 227. Opposition: Unionists, 225. The closeness of the elections continues to cause wonder, but with only 169 members to be chosen and a certainty that neither side will make big gains, the public is losing interest. David Lloyd George, who was most bitterly opposed by peers of any of the Liberals, was returned by his Welsh constituency with increased majority.

Loyal Vessels Bombard Naval Battalion Which Had Mutinied

By Associated Press.
Rio Janeiro, Dec. 10.—The naval battalion in the barracks on Colmbra Island, situated in the bay a short distance from this city, mutinied last night. The mutineers were supported by the scout ship Rio Grande Do Sul, which took part in the naval revolt of last month.

For a time there was intense excitement in the city and the government officials hurriedly met and decided upon prompt and energetic methods to suppress the outbreak.

The short batteries and the loyal warships in the harbor were ordered to fire upon the rebels.

At 5 o'clock this morning the guns were turned upon Colmbra Island and a furious cannonading continued for several hours.

At 11 o'clock this forenoon a white flag appeared over the barracks and the bombardment ceased. The rebels then made a formal offer to surrender.

The excitement among the public soon subsided and at noon affairs were assuming their normal course.

Deep Water City the Unanimous Choice of the Conference.

Unification and Correlation of All Methodist Colleges in Two Conferences, With the Exception of Southern University at Greensboro, Unanimously Adopted—Rev. W. E. McConnell Expelled From Church.

Special to the Journal.
Troy, Ala., Dec. 10.—The Alabama conference today selected Pensacola as the meeting place for 1911. This was done upon an invitation from the First Methodist church of that city, extended by Rev. C. W. Gavin. There was no opposition to Pensacola.

When the session opened today, Rev. C. A. Rush, of Mobile, moved to withdraw the report of the board of education which had been presented and moved to adopt an amended report of that board. The majority report provided for the unification and correlation of all Methodist colleges in the two conferences. The amended report provided for the same things with the provision that the Southern University at Greensboro is to be in no way disturbed and that its standard is not to be lowered and that the twenty-four members of the board of trustees are to be elected by the two conferences on the recommendations of the boards of education of the two bodies. Dr. Rush's motion was adopted unanimously. The following preachers and laymen were elected members of the board of trustees: C. W. Gavin, C. A. Rush, E. N. Elliot, B. F. Flowers, J. M. Dannelly, E. A. Dannelly, W. H. Sanford, M. Lightfoot, A. J. Lamar, J. S. Frazier, T. E. Knight and W. H. Thomas.

W. E. MCCONNELL EXPELLED.

Bishop W. A. Candler opened the fourth day's session of the conference and Rev. E. M. Turner led in prayer. The trial committee in the case of W. E. McConnell reported that he had been found guilty of improper conduct and immoral practices and that he had been deposed from the ministry and expelled from the church.

Rev. W. J. Reid, superintendent of the orphanage at Summerfield, addressed the conference and stated that nearly ten thousand dollars had been raised the past year for the institution in the state of Alabama and West Florida. The church extension board reported a total of \$7,709.77 raised the past year for church buildings.

SADNESS AT CONFERENCE.

A deep shadow was thrown over the conference today when it was announced that the late Rev. W. J. Reid, superintendent of the orphanage at Summerfield, had died.

LIVE LIZARD IN GIRL'S STOMACH

IT WAS BROUGHT FROM HER STOMACH BUT TOO LATE TO SAVE HER LIFE—HEAD OF ANOTHER FORMED.

By Associated Press.
Cleveland, Ohio, Dec. 10.—A live lizard, six inches in length and the head of another lizard was discovered in the stomach of Miss Lovie Herman, 19 years old, who died early Friday morning at her home at Akron. Cleveland physicians and surgeons are interested in the case and a number of them will attend the post mortem examination to be held at Akron today. Miss Herman had been ill a year from a disease which had puzzled many specialists.

Last Monday the attending physician succeeded in bringing from the girl's stomach the live lizard and the head of the second one, but too late to save her life. The family formerly lived near Millersburg, Ohio, and drank spring water. It is supposed the girl swallowed the lizards when small, while drinking, and that they gradually grew and killed her.

MOBILE LOSES TON NEW ORLEANS

SECRETARY NAGEL OF THE DEPARTMENT OF COMMERCE AND LABOR MOVES HEADQUARTERS OF LIGHTHOUSE DISTRICT.

By Associated Press.
Washington, Dec. 10.—Secretary Nagel, of the department of commerce and labor, today decided to locate the headquarters of the eighth lighthouse district at New Orleans instead of Mobile. The office of the engineer and inspector will be consolidated at New Orleans.

There has been much rivalry between the two cities to secure headquarters under the reorganized system. Delegations from both cities appeared this week before Assistant Secretary Cable to urge the selection of their respective cities. In making a decision the secretary has been guided largely by the recommendation of C. B. Putnam, commissioner of lighthouses, who strongly urged New Orleans because of its railroad facilities, its importance as a seaport and its geographical position.

FAMOUS MARSHAL RESIGNS HIS JOB

JACK ABERNATHY SAYS HE DIDN'T MIND SHOOTING OCCASIONALLY, BUT PREFERS TO BE A PRIVATE CITIZEN.

By Associated Press.
New York, Dec. 10.—"Jack" Abernathy, the Oklahoma rancher who came east a few days ago to resign his \$5,000 job as United States marshal, may take up his residence in New York. He is here now, "looking around," as he puts it, and he has not made any plans to return to Oklahoma.

"New York's a fine town," he drawled in answer to a question as to his future, "but I'm not quite certain where I'll turn. I've sent for Temple and Louis, the Abernathy kids' who figured in Colonel Roosevelt's homecoming, and they'll be on next week for a long frolic in the big city."

"I've sold out most of my holdings in Oklahoma. It's no longer any fun for a cattleman there. Land is worth \$100 an acre now and that's too valuable for use for cattle grazing."

"I'm mighty glad to get free of my job as United States marshal. I find myself 'foot loose' for the first time in five years. Being marshal had its bright sides, but there were some things I didn't like about it. The truth is, I had to do a considerable shooting. I don't know as it's a thing to bother a man and I always gave the other man plenty of show, but somehow I didn't like it, and I'm glad to be out of it."

WOMAN CREMATED.

New Iberia, La., Dec. 10.—Saturating her clothing with kerosene, Mrs. Eugene Knapp deliberately walked into a big open fire-place at her home today and was burned to death.

New Name Added to List of Vessels Lost Mysteriously at Sea

By Associated Press.
New York, Dec. 10.—A new name has been added to the list of vessels mysteriously lost at sea. The name pany has just been added to the New York and Porto Rico Navigation Company has just been added to the New York maritime exchange's posted catalogue of "missing" ships and as seamen well know, the entry of a name there means that all hope for her has been abandoned.

It is supposed that the Arkadia went down in a hurricane which swept the gulf and the Atlantic off the southern coast last October. She was a 300-foot steel steamer, schooner
